

Forest School Meg Photography & Social Media Policy

Purpose

To ensure children's privacy and safety when photographs are taken.

Use of images

Most images taken of the children will be of the activities underway, their hands, their environment and will often not include their faces.

Photographs are taken during sessions to:

- Capture children's experiences
- Be made into a resource/how to guide for other children attending Forest School Holiday Club in the future
- Share with parents/carers
- Promote Forest School (e.g. Heron Farm website or social media @heron_farm @forestschoolemeg)

Consent

Permission will always be sought from parents/carers during the booking process.

No child will be photographed or have images shared without explicit parental consent.

Consent can be withdrawn at any time by letting the Forest School Leader know

Storage and use

Images will be stored securely and used responsibly.

Our commitment

We respect children's privacy and ensure all images are used appropriately and sensitively.
